Aluminium Mounting Profile / Aluminyum Montaj Profili

Our aluminium profiles offer fast and practical mounting; the connections are invisible from the outside with the hidden screwing system developed for an aesthetic appearance. In addition, the profiles are delivered by being precisely cut to the desired dimensions, specifically for your projects.

Alüminyum profillerimiz, hızlı ve pratik montaj imkânı sunar; estetik görünüm için geliştirilen gizli vidalama sistemiyle bağlantılar dışarıdan görünmez. Ayrıca, projelerinize özel olarak profiller istenilen ölçülerde hassas bir şekilde kesilerek teslim edilir.
